

Getinge Assured

VH₂O₂ Indicator

1.0 Product and Company Identification

Product Name Getinge Assured VH₂O₂ Indicator

Product Code 504052000

Recommended Use For diagnostic use only. Not for normal consumer use. The Getinge

Assured VH₂O₂ Indicator gives visible confirmation that goods have

been exposed to a hydrogen peroxide sterilization cycle.

Supplier Getinge Infection Control AB

PO Box 69, SE 305 05 Getinge

Supplier Australia: Getinge Australia Pty Ltd

Suite 701, Level 7, 11 Help Street, Chatswood, NSW 2067, Australia

Phone: 1800 438 464

Supplier New Getinge Australia (NZ Branch)

Zealand: 600 Great South Road, Building B, Level 2

Ellerslie, Auckland 1051, New Zealand

NOTICE Notice: This product meets the definition of an "article" and is

exempted from SDS requirements as defined by Section 1.3.2.1.1 of the GHS fourth revised edition (2011), 29 CFG part 1910.1200 of the U.S. OSHA Hazard Communication Standard, and Section 3 of the Canadian Hazardous Products Act. The information provided in this SDS is for informational purposes only and does not necessarily reflect warning and precautionary statements indicated on the product's packaging or container label. Additionally, the ingredients contained in this product are below the respective cut-off levels for

SDS development under the above referenced regulations.

2.0 Hazards Identification

This product presents no health or physical hazards under normal conditions of use. Inhalation of decomposition products from burning may cause eye and respiratory irritation. If irritation develops following inhalation of decomposition products, remove the victim from area to fresh air. If symptoms persist, get prompt medical attention.

This product is essentially nonirritating to skin. Prolonged exposure to skin is not likely to result in material being absorbed through skin in harmful amounts. Ingestion of significant amounts of this product is highly unlikely. Ingestion of physical article may cause choking if swallowed. Single dose toxicity is believed to be very low.

Composition / Information on Ingredients

Component EC Number CAS Number Weight %

Non-Hazardous Components Not Applicable Not Applicable 100

4.0 First Aid Measures

Due to the low levels of hazardous components contained in this product, no acute, delayed or chronic adverse health effects are expected to occur via any exposure route under normal conditions of use by qualified persons. For sensitive or susceptible individuals, treat symptomatically as described below.

Inhalation

Breathing difficulty caused by inhalation of particulates requires removal to fresh air. If breathing has stopped, perform artificial respiration if qualified and trained and obtain medical assistance at once.

Ingestion

Obtain medical assistance at once regardless of the presence or absence of symptoms. Only induce vomiting if advised by a medical professional.

Skin

Subcutaneous deposition through skin cuts and abrasions can be treated by standard first aid measures. Skin contamination through direct contact can be removed by washing with soap and water. If irritation persists, obtain medical assistance.

Eyes

Material should be flushed from the eyes with copious amounts of clean water. If irritation persists, obtain medical assistance. DO NOT rub the eyes if particulate matter or foreign objects are present as corneal damage can occur.

5.0 Firefighting Measures

Suitable Extinguishing Media:

Use water, dry chemical, foam, or carbon dioxide to extinguish fire.

Fire Fighting Procedures:

Do not flush down sewers or other drainage systems. Exposed firefighters must wear approved positive pressure self-contained breathing apparatus with full-face mask and full protective clothing.

Unusual Fire and Explosion Hazards:

None Known.

Combustion Products:

Irritating or toxic substances may be emitted upon thermal decomposition including oxides of carbon and nitrogen.

6.0 Accidental Release Measures

Personal Precautions, Protective Equipment And Emergency Procedures For Non-Emergency Personnel:

Spills or releases of this product are not expected to result in significant emergency response procedures. Wear protective cotton gloves or their equivalent when cleaning spilled or released material.

Personal Precautions, Protective Equipment And Emergency Procedures For Emergency Responders:

If large amounts of spilled or released materials are involved, wear appropriate and approved protective clothing appropriate to the incident to prevent skin contact. Respiratory protection should be worn if material is involved in a fire. (See Section 8.0).

Environmental Precautions:

Prevent water used to extinguish fires from reaching drains, sewers, surface waters or groundwater.

SDS510_01_EN-AU **2/7**

Methods and Materials for Containment and Cleanup:

Released material in dry form may be swept up using a broom and dust pan or picked up by hand if wearing protective cotton gloves or their equivalent. Prevent water used to extinguish fires from reaching drains, sewers, surface waters or groundwater by diking, berming or using vacuuming methods to clean up extinguishing media.

7.0 Handling and Storage

Precautions for Safe Handling:

Under conditions of normal handling and use expected for this product, no handling precautions other than those explained below are believed to be necessary. Handling precautions will be dependent on the method in which the product is used. Consult your safety representative for more details. DO NOT eat, drink or smoke when handling this product. Wash hands thoroughly after handling.

Storage:

Keep product sealed in its original container at room temperature 10 to 38° C (50 to 100° F) and at normal humidity (30 to 60 %). DO NOT mix this product with any other chemical substances.

8.0 Exposure Controls / Personal Protection

Component	CAS Number	OSHA PEL (mg/m3)	ACGIHTLV (mg/m3)
Non-Hazardous Components	Not Applicable	Not Applicable	Not Applicable

Appropriate Engineering Controls:

None needed when this product is used in its prescribed manner by qualified personnel.

Eye/Face Protection:

Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as EN 166(EU).

Skin Protection:

None needed when this product is used in its prescribed manner by qualified personnel. Wear impervious clothing if exposures to skin are excessive. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory Protection:

None needed when this product is used in its prescribed manner by qualified personnel. For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator. For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Thermal Hazards:

None anticipated when this product is used in its prescribed manner by qualified personnel.

Hygiene Measures:

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

10.0 Stability and Reactivity

Reactivity:

This product is not reactive.

Chemical Stability:

This product is stable under normal handling conditions.

Possibility of Hazardous Reactions:

This product will not polymerize.

Conditions to Avoid:

Avoid open flames as test paper is combustible.

Incompatible Materials:

Acids, Bases, Oxidizers, Reducing Agents and Halogens.

Hazardous Decomposition Products:

Irritating or toxic substances including oxides of carbon and nitrogen.

11.0 Toxicological Information

The toxicological properties of this product have not been fully investigated as a whole.

Acute Toxicity: No Data Available **Skin Corrosion/Irritation:** No Data Available Serious Eye Damage/Irritation: No Data Available No Data Available Respiratory or Skin Desensitization: **Germ Cell Mutagenicity:** No Data Available No Data Available **Carcinogenicity:** No Data Available **Reproductive Toxicity:** No Data Available **STOT - Single Exposure: STOT - Repeated Exposure:** No Data Available **Aspiration Hazard:** No Data Available Ingestion: No Data Available Inhalation: No Data Available Skin / Eye Exposure: No Data Available **Acute and Chronic Effects:** No Data Available **Potential Health Effects:** No Data Available Signs and Symptoms of Exposure: No Data Available No Data Available **Synergistic Effects:**

12.0 Ecological Information

The ecological properties of this product have not been fully investigated as a whole.

Toxicity to Fish and InvertebratesNo Data AvailablePersistence and DegradabilityNo Data AvailableBioaccumulative PotentialNo Data AvailableMobility in SoilNo Data AvailablePBT and vPvB AssessmentNo Data AvailableOther Adverse EffectsNo Data Available

13.0 Disposal Considerations

Product:

Offer surplus and non-recyclable material to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.

Contaminated Packaging:Dispose of as unused product.

14.0 Transport Information

This product is not a hazardous material when shipped according to DOT, IATA or IMDG shipping regulations.

15.0 Regulatory Information

European Inventory of Existing Commercial Chemical Substances:

All substances contained in this product are listed on the EINECS.

16.0 Other Information

This Safety Data Sheet complies with Section 13 of the Canadian Hazardous Products Act (HPA), the Globally Harmonized System (GHS) of Classification and Labeling of Chemicals and the European Union's (EU) Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) requirements.
