

Getinge USA Provides Links to Life Science Connect Sites

ROCHESTER, NY – Getinge, a global provider of infection control solutions within healthcare and life sciences, is pleased to confirm that its life science equipment portfolio, including sterilizers and washers, is available on the following Life Science Connect links:

Pharmaceutical Online <http://www.pharmaceuticalonline.com/>

Bioresearch Online <http://www.bioresearchonline.com/>

Laboratory Network <http://www.laboratorynetwork.com/>

Getinge life science product availability will enable engineering, plant management, and manufacturing professionals to effectively manage projects and budgets that use Getinge equipment.

About Getinge

Getinge Group is a leading global provider of products and systems that contribute to quality enhancement and cost efficiency within healthcare and life sciences. We operate under the three brands of ArjoHuntleigh, GETINGE and MAQUET. ArjoHuntleigh focuses on patient mobility and wound management solutions. GETINGE provides solutions for infection control within healthcare and contamination prevention within life sciences. MAQUET specializes in solutions, therapies and products for surgical interventions and intensive care. Visit www.getinge.com.

Life Science Connect

Life Science Connect includes more than 85,000 life science professionals in R&D to commercialization who use one of our five industry-specific websites, or our B2B, executive-focused magazine, Life Science leader.
