

**ANNUAL WFHSS AND AIOS CONFERENCE 2008
IN LINATE, ITALY - A PERFECT MATCH FOR THE
GETINGE GROUP**

Last week Getinge participated in the annual WFHSS Conference – this year as ‘goldsponsor’. The conference took place at the Crowne Plaza Hotel in Linate by Milan in Italy from June 4th to June 7th.

Members of the WFHSS organization (Worldwide Forum for Hospital Sterile Supply) came from all over the world to exchange ideas and best practices as well as to learn more about the latest insights and trends within the sterilization world.

During the four day event, we had a lot of visitors on the Getinge stand and the interest for our products was enormous. Also this year Getinge participated in the official WFHSS conference program by hosting two workshops on:

‘Optimize and streamline procedures with a computerized system’

by Mr. Christian Winther, Sales Manager, Getinge IT Solutions ApS

‘Steam Formaldehyde – the future low temperature sterilization method’

by Mr. Stefan Runnström, Product Manager, Getinge Sterilization AB.

We are looking forward to the next annual WFHSS Conference, which will take place at Crete in Greece in September 2009.
