

OR GetTainer

Multifunctional and interdisciplinary

We'll make room for you! Your flexible complete solution from Getinge: in crisis situations, during renovations or to increase your capacity.

Ensure the best possible care, use resources optimally and achieve constant capacity utilization. Irrespective of whether you have to manage a crisis or renovation work, or if you would like to temporarily compensate for workload spikes – we will help you to overcome these challenges.

Together we will develop your individual OR GetTainer room concept including foundation planning and equipment to meet all your needs.

OR GetTainer

- Increase capacity
- Manage workload spikes
- Guarantee process reliability
- Work in an interdisciplinary manner with multifunctional equipment
- Guarantee the safety of patients and personnel

Your mobile operating room
