# Powerful cleaning with Getinge Clean **Manual Plus**

---

GETINGE GROUP

Getinge Clean Manual Plus is an advanced, pH neutral, multi-enzymatic detergent with powerful cleaning and sanitizing properties.

The product is specially formulated to rapidly digest protein and other components of surgical soils. Its unique formulation also improves occupational health and safety by sanitizing bath water and reducing the risk of cross-contamination.

Getinge Clean Manual Plus is designed for both manual and ultrasonic cleaning of standard to complex surgical instruments.

Available in 2x5L including two manual pumps.

- A multi-enzymatic detergent with powerful cleaning and sanitizing action
- For manual and ultrasonic cleaning of surgical instruments
- Non-corrosive, pH neutral
- Biofilm removal claim
- Effective at ambient to elevated temperatures
- Fully biodegradable

Powerful cleaning  
and sanitizing with  
Getinge Clean  
Manual Plus
